Memo

To: ASFPM Climate Change Taskforce
From: Bob Freitag
Date: November 18th 2022 Call

Here are our notes from our November 18th Zoom call. In attendance were:

	First	Last	Email
1	Bill	Nechamen	billnechamen@gmail.com
1	Bob	Freitag	bfreitag@UW.EDU
1	Claire	Jubb	Claire.Jubb@CharlotteCountyFL.gov
1	Jacob	Jett	jacob@floods.org
1	Jerry	Murphy	jerry@murphyplanning.com
1	Lisa	Foster	ldfoster@pinellascounty.org
1	Meg	Galloway	meg@floods.org
1	Stephen	Veith	stephen.g.veith@gmail.com
1	Thomas K	Ruppert	truppert@ufl.edu

Agenda: Over a Zoom call, we discussed the following items. Click here for recording.

After much discussion, we decided to pare down our taskforce work program.

We determined that our main objective was to help ASFPM committees integrate climate change concerns into their work programs and to acknowledge interdependencies.

Therefore, we suggested:

> That we narrow our focus and propose holding a webinar that involves the ASFPM committees with the goal of identifying the climate threads running through each committee.
>
> The initial webinar would include a panel of representatives from the following committees.
>
> 1. Social justice
> 2. Mapping
> 3. Coastal
> 4. Natural beneficial function
> 5. Regulation.
>
> Each committee representative would have 5 minutes with 10 minutes for discussion. This would consume 75 minutes leaving 15 for a discussion.
>
> Each presentation (called lightning rounds in academia) would:
>
> 1. Introduce committee objectives
> 2. Work being undertaken
> 3. Climate change concerns

4. Climate related interdependencies from other committees.

We could produce some form of White Paper from notes.

Roles

- The webinar moderator will be Claire.
- Bill Nechamen will contact committee chairs
- Mechanics, Bob.

The date would be 27 January. Time: 11:00 EST

Working Title: Climate Change – Discussion of Unifying Threads within ASFPM.

The taskforce will still pursue holding the following webinars addressing. These along with a discussion on how to upload climate information on the ASFPM site will be discussed at our January meeting.

1. HAZUS.
2. Regulations
3. Mapping

The taskforce will NOT hold a meeting in December. Our next meeting will be held January 20th.

Next Meeting Agenda

1. ASFPM Climate Change – Webinar
2. Statues of Actives
    a. Library
    b. HAZUS Webinar
    c. Regulations Webinar
    d. Mapping Webinar
3. Date January 20th, 12Noon EST, Location. Click here to attend.
